

South Carolina Department of Disabilities and Special Needs

Intake Standards

Effective October 1, 2016

INTRODUCTION

The South Carolina Department of Disabilities and Special Needs (DDSN) is designated in the South Carolina Code of Laws as the State's intellectual disability or related disability, autism, and head and spinal cord injury or similar disabilities authority. DDSN is an independent agency in state government whose mission is to assist people with disabilities and their families through choice in meeting needs, pursuing possibilities, and achieving life goals, and minimize the occurrence and reduce the severity of disabilities through prevention.

DDSN has embraced certain values that guide it in its efforts to assist people and their families and principles that are expected to be features of all services and supports. They are:

Values: Our Guiding Beliefs

- Health, safety and well-being of each person
- Dignity and respect for each person
- Individual and family participation, choice, control, and responsibility
- Relationships with family, friends, and community connections
- Personal growth and accomplishments

Principles: Features of Services and Supports

- Person-centered and Community Inclusive
- Responsive, efficient and accountable
- Practical, positive and appropriate
- Strengths-based, results-oriented
- Opportunities to be productive and maximize potential
- Best and promising practices

The South Carolina Code of Laws establishes the categories and criteria thereof under which South Carolinians may qualify for services through DDSN. The policy, process, and procedures used in the determination of eligibility for services through DDSN are set forth in DDSN Directive 100-30-DD: Eligibility Diagnostic Criteria, Screening and Intake Process for Eligibility, and Appeal Procedures.

DEFINITION

Intake is defined as the collecting and submission of an accurate and complete set of documents in order for DDSN to determine if the service user is eligible for DDSN's services. The document set includes a properly executed "Service Agreement and Permission to Evaluate" form; the current, appropriate psychological, medical, social, and/or educational records/reports required in order for eligibility for services through DDSN to be determined; and, as required, a properly executed attestation statement. Intake also includes providing a thorough explanation to the service user or his/her representative of DDSN's Intake process and the services potentially available if determined eligible; providing assistance to the service user to locate resources to address any immediate, short-term need(s); and, when requested by DDSN, arranging for the service user to be tested by a Testing provider qualified by DDSN.

It is expected that Intake be performed expeditiously so that a determination of eligibility for services through DDSN can be reached by DDSN as quickly as possible.

UNIT OF SERVICE

The unit of service for Intake is the submission of one (1) accurate and complete set of the documents to include a properly executed "Service Agreement and Permission to Evaluate" form; the current, appropriate psychological, medical, social, and/or educational records/reports required in order for eligibility for DDSN's services to be determined; and, as required, a properly executed attestation statement.

Provision of Intake	
<p>Only those who are referred/authorized by DDSN for Intake may receive Intake.</p>	<p>Except for children actively receiving Early Intervention through BabyNet, DDSN will issue an authorization for those to whom Intake can be rendered.</p> <p>Children who are actively receiving Early Intervention services through BabyNet are authorized when a properly executed attestation is submitted with the accurate and complete set of documents. “Actively receiving” is defined as having actively received Early Intervention from a qualified Early Intervention provider within six (6) months prior to the submission of the set of documents.</p>
<p>Upon receipt of an authorization for Intake, a contact with the service user or his/her representative shall be made by the Intake worker within five (5) business days.</p>	<p>“Contact” is defined as an actual communication exchange with the service user or his/her representative. Contact may include an answered telephone call, or an original electronic (e) mail message and response or if preferred by the service user/representative, an original text message and response.</p> <p>“Contact” <u>is not</u> defined as mailing a letter or other written correspondence, attempted/unanswered telephone calls (even if a voice message was left), unanswered text messages or unanswered email messages.</p> <p>If contact is not made within five (5) business days, documentation shall reflect that more than one attempt to contact was made. Documentation shall include the name of the person with whom contact was attempted and how the attempt was made including phone number and/or e-mail address.</p>
<p>All Intake activities performed on behalf of the service user shall be documented.</p>	<p>Notes documenting Intake activities shall only include Intake activities. A single note shall not be used to document Intake activities and any other service activity.</p>

The Intake worker shall keep all service user information in DDSN data systems current and up-to-date.	
<p>Documentation shall include sufficient information to prove that a thorough explanation of the following topics was provided to the service user and/or his/her representative:</p> <ul style="list-style-type: none"> • The Intake process including next steps, what to expect, and timelines; • DDSN as an agency and how services through DDSN are provided; • The services potentially available to the service user if determined eligible for service through DDSN, including the criteria for approval to receive those services. 	
Intake activities shall be documented within five (5) business days of the occurrence of the activity.	
Documentation of Intake activities shall clearly and thoroughly describe the activity performed, the person(s) involved and his/her relationship to the service user.	
Documentation of Intake activities shall be clearly labeled as "Intake."	
Any immediate, short-term need(s) of the service user identified during any contact with the service user/representative shall be documented and appropriately addressed.	Immediate, short-term needs may be identified by service users. When identified, those needs as expressed by the service user/representative must be documented and addressed by the Intake worker.
The specific actions taken to address the short-term need(s) of the service user identified during any contact with the service user/representative shall be documented.	If an immediate, short-term need is identified, the actions taken to address the need must be documented. These actions may be, but are not limited to, a referral to a local assistance entity or referral to the service user's case manager.

When notified by DDSN that formal testing is needed, the Intake worker shall arrange for the service user to be tested by a DDSN qualified Testing provider.	The need for testing must be established by DDSN before arranging for testing. Only providers qualified by DDSN as Testing providers may conduct testing.
Within ten (10) business days of receiving notification from DDSN that testing is needed, the Intake worker shall complete the arrangements for Testing.	To “complete arrangements” means that the agreed upon date, time and location for testing has been scheduled and confirmed by the service user/representative <u>and</u> the Testing provider. Testing does not have to be completed within ten (10) business days; however, the date, time and location for the testing to be conducted but be scheduled and confirmed by both the service user/representative and the Testing provider.
At a minimum, contact with or on behalf of the service user/representative must occur every ten (10) business days.	<p>“Contact” is defined as an actual communication exchange with or on behalf of the service user/ representative. Contact may include an answered telephone call, an original electronic (e) mail message <u>and</u> response or if preferred by the service user/representative, an original text message <u>and</u> response.</p> <p>“Contact” <u>is not</u> defined as mailing a letter or other written correspondence, attempted/unanswered telephone calls (even if a voice message was left), unanswered text messages or unanswered email messages.</p> <p>Contact on behalf of the service user/representative should include follow-up with sources from which records have been requested but not received.</p>
The current, appropriate psychological, medical, social, and/or educational reports or records required in order for DDSN to determine if the service user is eligible for services through DDSN shall be secured by the Intake worker and received by DDSN.	
A properly executed “Service Agreement and Permission to Evaluate” form shall be secured by the Intake worker and received by DDSN.	“Properly executed” means that the form is completed, signed by the appropriate person and dated.

<p>If the service user is a child who is actively receiving Early Intervention services through BabyNet, a properly executed "Attestation of Request for Eligibility Determination" form shall be secured by the Intake worker and received by DDSN.</p>	
<p>Intake shall only be terminated if, during a thirty (30) calendar day period, at least three (3) consecutive attempts to contact the service user/ representative are unsuccessful.</p>	<p>The three (3) attempted contacts must be varied in terms of times of day and methods of contact (e.g., e-mail, telephone). If the final attempt to contact is by mail, the termination of Intake cannot occur within ten (10) days of the mailing of the correspondence. Ten (10) days must be given to allow for delivery, receipt and response. Every effort should be made to contact the service user/representative prior to terminating Intake.</p>
<p>When Intake is terminated for a service user, the "Termination of Intake" form shall be completed and received by DDSN within two (2) business days of the completion final attempted contact.</p>
